

Technology Subjects

Construction Studies Workshops, Jan / Feb 2019.

Towards nZEB for Dwellings

The workshop will look at the new regulations required to bring houses up to the nZEB standard, and the principles that apply to the nZEB house. It will guide teachers of construction studies towards using a principles approach. In teaching the topic.

Completing the Construction Studies Project

The workshop will examine and explore all aspects of the Construction Studies coursework submission. The workshop will review instructions and regulations, project planning and selection, management, folio development, experiments and project completion.
