

Inserting T4 Drawing Templates SolidWorks 2015

Introduction

This material will focus on the loading of the **DCG Drawing Templates** and **Sheet Formats** for SolidWorks 2015

Learning Intentions

The process will use two EXE files to copy Templates and Sheet Formats to the correct destination

 T4-Sheet-Format

 T4-Templates

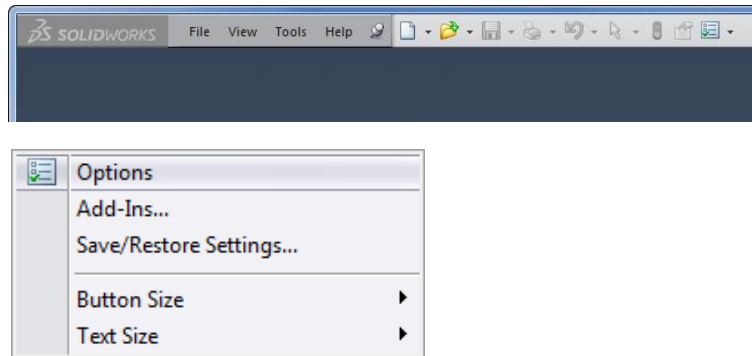

Prerequisite knowledge

Basic File management. In order to complete the process of installing the **DCG Drawing Templates** and **Sheet Formats** you will need to have **Administration Rights** to the file structure of the Laptop\PC

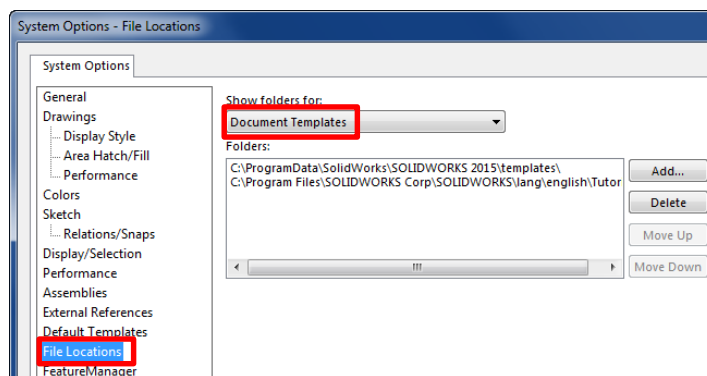

Note: This installation process is only suitable for PC/Laptops running SolidWorks 2015

PC/Laptop Check: In order the EXE files to work properly a check needs to be done to find the default location of the **Templates** and the **Sheets Formats**

SolidWorks Options

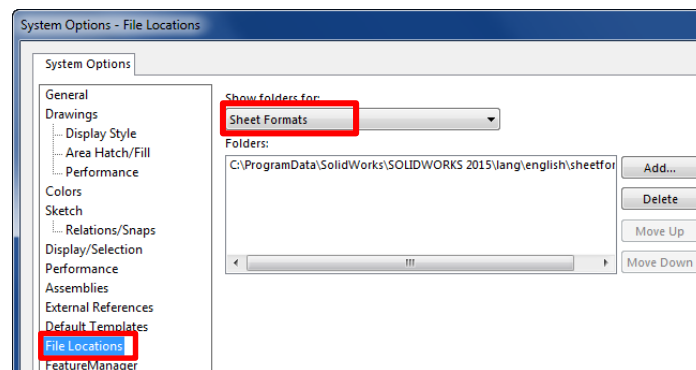

Location of Templates

C:\ProgramData\SolidWorks\SOLIDWORKS 2015\templates\

Location of Sheet Formats

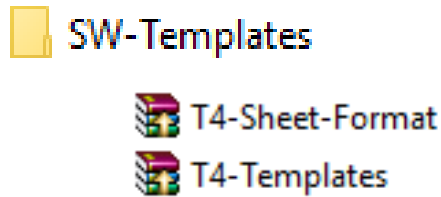

C:\ProgramData\SolidWorks\SOLIDWORKS 2015\lang\english\sheetformat

Create Folder Create a folder on your **Desktop, or other location** of your choice and name it **SW-Templates**

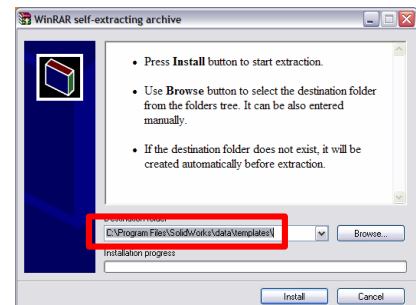

Download Files Download the **Templates** from the following link
www.t4.ie/sw/drawings.html

Copy to Folder Copy the 2 files to the SW-Templates Folder.

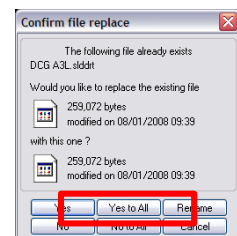

These files will be used to load the **DCG Templates & Sheet Formats** into the correct location on your computer.

Installing the Drawing Double click on the **T4-Templates.exe** file. The install window will appear. Check the destination folder to see if this is the correct location for the * drawing templates Accept the destination folder if correct (Edit the path if required) Select **Install**

Note if the files are already saved on your Computer the dialog box shown below appears Select **Yes to All** to replace existing files

Installing the Sheet Format

Double click on the **T4-Sheet Format** and repeat the process. **Sheet Format** complete.
(Edit the destination path if required) *

Installation Check

Open SolidWorks 2015 select the **Advanced** option the new **DCG Templates** are available for selection. **Four** new templates should be loaded and ready for use
